WHAT WE DO

For over 40 years, Thrive DC has served as a safety net for people experiencing homelessness, unemployment, housing instability, re-entry after incarceration, and food insecurity. Our goal is to support and equip clients on their journey of achieving self-sufficiency.

We believe that together, we can end homelessness in our city.

Thrive DC has been recognized as “one of the best” small nonprofits in the region by the Catalogue for Philanthropy, and maintains both a GuideStar Platinum rating and a four-star rating (the highest possible) from Charity Navigator, one of the nation’s premier charity evaluators.

WHO WE SERVE

Thrive DC is a low-barrier, judgement-free environment that welcomes anyone in need of our services. We provide support to individuals of all backgrounds, races, ethnicities, sexual orientations, and genders. The people who come through our doors often face complex and systemic barriers to a more stable life.

A majority of our clients live with chronic health conditions, mental illness, and/or substance use disorder – often without adequate access to care. Some are survivors of sexual assault and/or domestic violence. The community of support and services that Thrive offers are crucial to our clients’ health and well-being.
